## Urban Forest Management Plan

The Town of Mahone Bay is collecting tree data to support our Urban Forest Management Planning!

Trees are extremely important to us as individuals and to the Town. They provide many benefits such as helping to reduce run-off, preventing coastal erosion, helping to reduce atmospheric carbon, cutting energy costs by providing our town with shade and wind-barriers, plus the benefits of added oxygen, tourism, and even food.

Explore our urban forest! Please help us record our community's trees by going to our website and checking out the Urban Forest Management page under the Projects section.

## Off highway Vehicles

## Are you locked up and secure for the night?

Join the #9PMRoutine today and take an active role in crime prevention in your neighbourhood and community.

The #9PMRoutine is a campaign used by police agencies across North America to remind citizens to protect themselves and their property.

What do I need to do?

There are simple steps you can take to help prevent crime in your neighbourhood.

Every night at 9pm:

- Remove valuables from your vehicle and ensure it's locked, windows are closed.
- Close all garage windows and lock any garage doors, especially those leading into your house
- Keep your vehicle registration and insurance documents secure. The documents can be used to commit other crimes
- Check and lock all house doors and shut all windows
- Turn on an exterior light
- Close and lock your fence gate
- Lock your shed
- Put away bikes and toys in your yard
- Park in the garage instead of the street, if possible.
