June – Vehicle fire. Lunenburg

Summery

In the 2nd quarter of this year we took delivery of a Side by side and enclosed trailer. This purchase was thanks to fundraising efforts by the department and support of the local community. Both the side by side and trailer were up fitted by members to save

costs. Both units are now in service and have already been an asset on multiple calls. The department is continuing to undertake additional training and preplanning with the ladder truck out in community. Members also participated in specialized low angle rope rescue training.

As this is my last quarterly report to the current council, I would like to thank the council for all the support shown to the fire department over the last 4 years.

As always if anyone has any questions, please feel free to contact me.

Regards

Adam Ekins

Chief Mahone Bay & District Fire Department.
