

Safe streets and sidewalks!

ACTIVE TRANSPORTATION

The Town is responsible for sidewalks and paths and we're working to support walking, cycling, and other forms of active transportation with the with the recent Transportation Plan Report and upcoming Accessibility Plan, and related infrastructure investments.

STAYING SAFE

The Town is the local traffic authority and employs by-law enforcement and the RCMP to keep our streets safe. We're also working with event organizers to ensure the safety of locals and visitors when Mahone Bay is at its busiest.

SNOW REMOVAL TO STREET SIGNAGE

The Town of Mahone Bay owns and maintains all the roads within Town limits. Our public works crew plows, salts, patches, and paints, along with taking care of signage and roadway lighting.

Let's keep Mahone Bay moving!

Mahone Bay is growing and our streets, sidewalks, and trails are getting busier every year. The Town is hard at work ensuring public safety is protected while planning ahead for a greener and more accessible future, making investments in the staff, equipment, and infrastructure we need.
